Biliary tract, cytology (A) **201**
Biopsy, bacteremia following (A) **94**
  Duodenal (E) **147**
  gastric, direct vision (A) **41**
  gastroscopic **174**
  in malignant disease **75**
  of the terminal ileum **7**
Blackwood, WD: Slowly growing gastric carcinoma **137**
Blackwood, WD and Silvis, SE: Electrosurgical destruction of gastric polyp **81**
Bleeding, duodenal telangiectasis in **85**
  ultraviolet endoscopy in **123**
Bottiglieri, NG: see Nelson
Burwood, RJ: see Cotton
Bynum, TE: see Soong

C

Cancer, cytology and biopsy **75**
  endoscopic cytology (A) **201**
  esophageal, esophagoscopic classification (A) **41**
Cannulation, papilla of Vater (A) **42**
Cano, R: see Katz
Carcinoma, chronic gastritis simulating **31**
  early gastric (E) **36**
  esophageal, polymyositis (A) **41**
  gastric, early (A) **93**
  gastric, slowly growing **137**
  of esophagus developing into progressive systemic sclerosis **189**
  superficial gastric **27**
Cardiac arrhythmias during laparoscopy (A) **41**
Cardiovascular effects of pneumatic dilation of cardio-esophageal junction in achalasia **15**
  stress of peroral gastrointestinal endoscopy **119**
Castiglioni, LJ et al. Intravenous diazepam: improvement in pre-endoscopic medication **134**
Celis, R: see Dooner
Cholangiography, endoscopic **60**, (A) **94**, **163**, (A) **201**
  retrograde (A) **42**
Chronic esophageal ulcer causing esophagopericardial adherence **140**
Cirrhosis, value of endoscopy (A) **148**
Cocco, AE: see Bedine
Cohen, N: see Mackowiak
Colon, cytology and biopsy **75**
  defunctionalized, nodular lymphoid hyperplasia in **144**
Colonoscope, suggestions for **38**
Colonoscopy (A) **201**
  technic (A) **94**
Communications (E) **86**
Comparison of washing and brushing cytology and biopsy in the diagnosis of malignant disease of the esophagus, stomach, and colon **75**
Corlin, RF: Snare wire fractured during colonic polypectomy (R) **90**
Correlation between gastroscopic and direct vision biopsy findings **174**
Cotton, PB et al. Endoscopic trans-papillary radiographs of pancreatic and bile ducts **60**
Critical analysis of reflux esophagitis in symptomatic patients **172**
Crohn's disease of the stomach and duodenum **83**
Cronstedt, JL: Correlation between gastroscopic and direct vision biopsy findings **174**
Cytology, endoscopic (A) **201**
  in strictures **77**
  washing and brushing **75**

D

Detection of upper gastrointestinal bleeding sites by ultraviolet endoscopy **123**
Diazepam, intravenous, in pre-endoscopic medication **134**
  thrombophlebitis (A) **200**
Differential topography of acute erosive gastritis due to trauma or sepsis, ethanol and aspirin **127**
Dilation, pneumatic, cardiovascular effects **15**
Direct vision gastric biopsy (A) **41**
Diverticula, esophageal **33**
Dooner, H et al. Gastric lesion in chronic gastritis simulating type IIC early carcinoma **31**
Duodenal adenoma, removal (R) **199**
  telangiectasis in an occult gastrointestinal bleeder **85**
Duodenitis: an endoscopist's ruminations **57**
  nonspecific **131**
  is duodenitis, or is it? (R) **196**
Duodenogastric reflux: an endoscopic study **11**
Duodenoscopy, cannulation of papilla (A) **42**
  hypotonic (A) **149**
  in evaluation of patients with upper gastrointestinal symptoms **142**
  retrograde pancreatocholantiography (A) **42**
Duodenum, biopsy (E) **147**
  cytology (A) **201**
  Crohn's disease **83**
